THE ROGUE

A Rogue selects one Controlling Characteristic (C1 C2 C3 C4 C5 C6) which is then used throughout his career (not just in the current Term).

The Scheme

A Rogue focuses on a Scheme: a plan to amass at the expense of others.

In each Term, the Rogue masterminds a Scheme (from the Rogue Schemes table) and consults Risk & Reward.

The roll for Risk is the CC Controlling Characteristic plus Mods.

ROGUE SCHEMES
